

# NEBRASKA MIGRANT EDUCATION PROGRAM

---

## STATEWIDE DATA COORDINATORS TRAINING

University of Nebraska-Kearney (UNK)  
1013 West 27th St.  
Kearney, NE 68849-5310

UNK Student Union  
Ponderosa Rooms C and D  
Thursday, September 25, 2014

## AGENDA

- Icebreaker Activity
- Documents & Forms
  - Booklet
  - Change of Data
  - Move Notification
  - Review Data Calendar
  - Service Reporting Codes – revised
- FAQ Activity
- Lunch on your own
- Kahoot!
- MIS2000
  - Go vs. View
  - Needs & Services
- Reports List
  - Student Summary Report
  - Excel
- Google Docs
  - Google Maps
  - Agribusiness contact sheet
  - Employer lists
- Other - Questions/Comments

## MEETING OBJECTIVES

1. Provide updates on MEP data procedures
2. Verify services and reporting of eligible migrant students

# NEBRASKA SERVICE REPORTING CODES

Revised 2014-15

For purposes of the Migrant Education Program (MEP), "services" are a subset of all allowable activities that the MEP can provide through its programs and projects. Although State educational agencies (SEAs) and local operating agencies (LOAs) may spend MEP funds on many types of allowable activities, some of these activities do not constitute a "service" (e.g., identification and recruitment or parental involvement activities). "Services" are distinct in that they are the educational or educationally related activities provided to migrant children to enable them to succeed in school. Because student success is the overarching goal of the MEP, services are a vital aspect of the program. In providing services, SEAs must give priority to migrant children who are failing or are most at risk of failing and whose education has been interrupted during the regular school year.

MEP SERVICES	MEP ACTIVITIES
<p>"Services" are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA's comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State's performance targets.</p> <p>SEAs and local operating agencies may use MEP funds to provide instructional services (e.g., educational activities for preschool-age children and instruction in elementary and secondary schools, such as tutoring before and after school); and support services (e.g., educationally related activities, such as advocacy for migrant children; health, nutrition, and social services for migrant families; necessary educational supplies; transportation).</p>	<p>Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program, are examples of allowable activities that are <u>not</u> considered services. Other examples of an allowable activity that would <u>not</u> be considered a service would be the one-time act of providing instructional packets to a child or family and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children.</p> <p>Although these are allowable activities, they are not services because they do not meet all of the following criteria: (1) it does not directly benefit migrant children; (2) it is not grounded in scientifically based research; and (3) in and of itself, the activity will not increase children's reading skills and thereby increase their ability to meet the State's performance targets.</p>
FISCAL REQUIREMENTS	
<p>SEAs and LOAs must comply with two fiscal requirements regarding the expenditure of State and local funds to ensure that MEP funds are used to provide services that are supplemental to the regular services migrant children receive. The statute requires SEAs and LOAs to: (1) use MEP funds to "supplement, not supplant" Federal and non-Federal funds; and (2) provide services to migratory children with State and local funds that are at least comparable to services provided to non-migratory children.</p> <p>Section 1306(b)(2) requires SEAs and LOAs to provide services to migrant students from other Federal programs <i>before</i> they use MEP funds to provide services. Therefore, other Federal programs must select and provide services to eligible migrant students on the same basis as other eligible children. After the other Federal program selects students for services, an SEA or LOA may use MEP funds to increase the number of migrant students who participate in the project and/or enhance the services that participating migrant students otherwise receive.</p>	

## INSTRUCTIONAL SERVICE CODES

*Instructional Service Codes represent instruction in a subject area provided for students on a regular or systematic basis, usually for a predetermined period of time. It can include instruction provided by a MEP-funded teacher or MEP-funded paraprofessional (under the direct supervision of a teacher). It may include correspondence courses taken by a student. Note: The one-time act of providing instructional packets to a child or family does not constitute an instructional service.*

- CRE** High School Credit Accrual: Instructional courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. This may include correspondence courses taken by a student under the supervision of a teacher.
- ESL/ELL** English as a Second Language/English Language Learners: Instructional programs for ESL/ELL designed to increase English proficiency and academic achievement in core subjects.
- EXT** Extended Day/Week Program: Any method of MEP-funded instructional delivery that extends the total hours of a school day or week beyond that which would otherwise be available for learning in the regular school year. This category would include early-morning and after-school programs, evening programs and other programs that alter the school schedule to accommodate migrant student schedules, Saturday programs, and other programs that extend the time for learning outside of the traditional "9:00-3:00" school day or 5-day school week. Methods that substitute one type of learning time for another within the traditional school day, such as pullouts or in-class tutoring, are not considered extended-time instructional approaches for purposes of this report. Extended day/week projects do not include summer term or intersession projects.
- GED** General Education Development (GED): Students are enrolled in GED Program and/or instruction is provided to prepare students for the GED test.
- PED** Prevention Education/Health: Instruction provided in health education for students on a regular basis, usually for a predetermined period of time.
- MAT** Math: Instruction in math provided for students on a regular or systematic basis, usually for a predetermined period of time. It may include correspondence courses taken by a student under the supervision of a teacher.
- PGE** Pre-GED: Education in preparation to enroll in a GED program (may include adult basic education).
- PRE** Preschool: Children enrolled in a licensed preschool program and funded through MEP.
- RLA** Reading Language Arts: Instruction provided in reading language arts for students on a regular or systematic basis, usually for a predetermined period of time. It may include correspondence courses taken by a student under the supervision of a teacher.

For additional information:

Allowable Title I Expenses

Non-Regulatory Guidance- Title I, Part C Migrant Education Program

Elementary & Secondary Education Act

- SCH** School Readiness: Instruction provided in early childhood education to support development of school readiness skills, usually for a predetermined period of time.
- SCI** Science: Instruction in science provided for students on a regular or systematic basis, usually for a predetermined period of time. May include correspondence courses taken by a student under the supervision of a teacher.
- SST** Social Studies: Instruction in social studies provided for students on a regular or systematic basis, usually for a predetermined period of time. It may include correspondence courses taken by a student under the supervision of a teacher.

### Support Service Codes

*Support Service Codes represent MEP-funded services that include, but are not limited to, health, nutrition, counseling, and social services for migrant families, necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.*

- CLO** Clothing: Clothing provided.
- GUI** Guidance: Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development.
- FLT** Family Literacy Program: Provided to parents/family on a voluntary basis and are of sufficient duration to make sustainable changes in a family. Programs integrate the following activities: interactive literacy activities between parents and their children; training for parents regarding how to be the primary teacher for their children and full partners in the education of their children; parent literacy training that leads to economic self-sufficiency; and an age-appropriate education to prepare children for success in school and life experiences.
- HEA** Health Services: Includes but is not limited to hearing screenings, vision exams, eyeglasses, dental checkups, physical exams, vaccinations and health products.
- INT** Interpretation/Translation: Interpreting (oral) or translating (written) services provided for the student.  
*Note: This would not include communication with the parents regarding child's educational progress or school activities as part of the regular communication with ALL parents. This would also exclude any interpretation/translation for parental involvement activities as Section 1118 requires activities to be conducted in a format and language understandable to parents.*
- LIF** Life Skills: A service that enable individuals to deal effectively with the demands and challenges of everyday life. In primary or secondary education, life skills may refer to a skill set that accommodates more specific needs of modern life; examples include money management, food preparation, hygiene training, basic literacy, the ability to reason with numbers and other mathematical concepts (numeracy), and organizational skills.

For additional information:

Allowable Title I Expenses

Non-Regulatory Guidance- Title I, Part C Migrant Education Program

Elementary & Secondary Education Act

- MTR** Material Resources: Includes necessary educational supplies, educationally related books, and other materials (e.g., iPods, backpacks, etc.)
- NUT** Nutrition (Not School Meals Program): Nutritional provisions, snacks, etc., provided before, during or after-school programs.
- OTH** Other: No other resources available. Include a comment to indicate the service provided.
- REF** Referral: Educational or educationally related services provided from non-MEP programs or organizations that otherwise would not have been obtained by migrant children, but are obtained for migrant children through the efforts of MEP-funded personnel. Other non-MEP local, state, and/or federal funds support the delivery of the referred services.
- TRA** Transportation: MEP-funded transportation.
- TUT** Tutoring: This may include one-on-one tutoring services provided at a time when a student would not otherwise receive instruction from a teacher.
- YLS** Youth Leadership: Programs/workshops geared towards nurturing the leadership skills within students to achieve personal growth resulting in a desire to create positive change in their lives and community. Programs are designed to increase academic excellence through student engagement; provide students with the purpose, tools, and direction necessary to achieve personal and academic success; produce active student leaders who will serve their families, schools and communities with distinction and encourage other students to do the same; institute leadership, pride and education as important keys to success.

### Summer Codes in MIS2000

- ASP** Academic Summer Program: Total number of students who attended at least 15 days (over 5 hours, but less than 8 hours per day).
- HSP** ½ Day Summer Program: Total number of students who attended 15 days (over 2 hours, but less than 5 hours per day).

Elementary & Secondary Education Act

**Nebraska Migrant Education Program (MEP)  
Priority for Services Form  
2013-2014 School Year**

Nebraska State Department of Education

**DIRECTIONS**

Each project participating in the Migrant Education Program is required to maintain a list of eligible migrant students as well as a list of the children/youth receiving migrant services. The eligibility list should indicate whether or not a child/youth is determined to be a Priority for Services child/youth. Priority for Services is given to migrant children/youth: (1) who are failing, or most at risk of failing, to meet the State's challenging State academic content standards and challenging State student academic achievement standards, and (2) whose education has been interrupted during the regular school year.

Whether or not an eligible migrant student meets the Priority for Services criteria, it is important for every MEP to enter into the Migrant record system (MIS2000) the At-Risk information on every migrant child/youth. Not only does this provide important information should the child/youth move to another district or state, but it is also data that is used in determining which migrant children/youth should receive services first, used for audit purposes, and to assist the MEP in determining allocations.

Each project participating in the Migrant Education Program must record Priority for Services data into the MIS2000 record system for each Priority for Services child/youth. A report of Priority for Services children/youth is to be on file at the district and readily available when requested by appropriate entities (i.e. auditors, NDE/MEP staff).

**All Nebraska Migrant Education Programs (MEP) are to have the following documentation:**

- List of eligible migrant students
- List of students identified as Priority for Services students
- List of services available
- List of students receiving migrant services

To be identified as a Priority for Services migrant child/youth, the child/youth must meet one or more of the (A1-A10) of the At-Risk criteria **and** there must be an interruption of services during the regular school year (items B1- B4).

Following is additional information on the Priority for Services requirements:

- Interruption during the Regular School Year - the interruption has to occur within the preceding 12 months. For 2013-2014, an interruption during the regular school year would have occurred sometime after the beginning of the 2012-2013 regular school year and before the ending of the 2013-2014 regular school year. Moves occurring during the summer of 2013 do not constitute an interruption of services.
- The interruption has to relate to the migrant lifestyle. Students going to Mexico for a two-week vacation do not qualify as having an interruption.
- The at-risk criteria have to occur during the current school year or within the previous two school years.

**Priority for Services –a student who is failing or At-Risk of failing to meet the state standards**

- A1. Disabled/IEP – Student is identified as a student with disabilities (i.e. IEP, 504 Plan).
- A2. Poor Attendance – Student is not attending school regularly (according to district policy).
- A3. Retention – Student has repeated a grade level or a course.
- A4. Modal Grade – Student is placed in a class that is not age appropriate (i.e. 1<sup>st</sup> grade placement, 8 years old).
- A5. Credit Deficient – Student is behind in accruing credits toward graduation requirements (based on local requirements).
- A6. Reading Deficient – Student is not at grade level based on the diagnostic reading assessment.
- A7. LEP – Student is classified as either non-English proficient or limited English proficient according to local language assessment practice.
- A8. Low Performance – Student scores in the “not proficient” level on any of the local assessments - Reading, writing, or mathematics.
- A9. OSY – A migrant youth under the age of 22 who 1) has not graduated; 2) is not attending school; 3) is classified as having dropped out and/or is here to work.
- A10. Pre-Kdg. – Children ages 3–5 that are not served by any other program.

**Education Has Been Interrupted During the Regular School Year Based on the Migrant Lifestyle**

- B1. Intra District Move – Migrant students who move within the regular school year from one school to another within the district
- B2. InterDistrict Move – Migrant students who move across district boundaries within the school year. These students may have a new Qualifying Arrival Date (QAD).
- B3. Two Weeks Absent – Migrant students who do not officially withdraw from a school and are gone for at least two weeks due to the child’s or family’s migrant lifestyle.
- B4. Re-Enroll – Migrant students who do officially withdraw from a school and are gone for at least two weeks due to the child’s or family’s migrant lifestyle.

# Nebraska Migrant Education Program

## Identification & Recruitment

### Move Notification Form

When a migrant family moves away from your project, please attempt to find out where they moved to and complete this form if they moved within the U.S. (moves to Mexico or Canada do not need to be documented with this form). This helps expedite identification and recruitment efforts and allows us to continue serving families when they are most in need of our assistance.

Form Completed By:	Project Name	Date:	Phone Number:
--------------------	--------------	-------	---------------

Child(ren) Name (Last,First), Date of Birth:	Child(ren) Name (Last, First), Date of Birth:
Current Father/Guardian Name (Last, First):	COE #
Current Mother/Guardian Name (Last, First):	Approximate Date of Move (If Known):

Moved From:

Address:	City:	State:
----------	-------	--------

Moved To:

Address:	City:	State:	Phone Number:
----------	-------	--------	---------------

Information Obtained From:

<input type="checkbox"/> Family	<input type="checkbox"/> School	<input type="checkbox"/> Employer	<input type="checkbox"/> Neighbor	<input type="checkbox"/> Other (Specify):
---------------------------------	---------------------------------	-----------------------------------	-----------------------------------	---

#### Move outside of the state of Nebraska

Please email this form to Danielle Waite at [dwaite@esu7.org](mailto:dwaite@esu7.org) if the move was to a state outside of Nebraska.

#### Move within the state of Nebraska

If the move was within the state of Nebraska please email this form and a copy of the COE to the appropriate Nebraska MEP project.

Please call (402) 564-5753 Ext 1066 with any questions.

When emailing the form, please keep a copy for your records.

Thank you for helping to reduce service interruptions for our migrant families!

## CONSOLIDATED STATE PERFORMANCE REPORT

### REPORTING REQUIREMENTS FOR THE TITLE I, PART C, MIGRANT EDUCATION PROGRAM 2011-2012

#### GLOSSARY FOR THE MEP

**Children With Disabilities (IDEA)**— Children having mental retardation; hearing impairment, including deafness; speech or language impairment; visual impairment, including blindness; serious emotional disturbance (hereafter referred to as emotional disturbance); orthopedic impairment; autism; traumatic brain injury; developmental delay; other health impairment; specific learning disability; deaf-blindness; or multiple disabilities and who, by reason thereof, receive special education and related services under the Individuals with Disabilities Education Act (IDEA) according to an Individualized Education Program (IEP), Individualized Family Service Plan (IFSP), or a services plan.

**Counselor** — A professional staff member who guides individuals, families, groups, and communities by assisting them in problem-solving, decision-making, discovering meaning, and articulating goals related to personal, educational, and career development.

**Counseling Services** — Services to help a student to better identify and enhance his or her educational, personal, or occupational potential; relate his or her abilities, emotions, and aptitudes to educational and career opportunities; utilize his or her abilities in formulating realistic plans; and achieve satisfying personal and social development. These activities take place between one or more counselors and one or more students as counselees, between students and students, and between counselors and other staff members. The services can also help the child address life problems or personal crisis that result from the culture of migrancy. NOTE: Children who receive a MEP-funded counseling service should be reported only once, regardless of frequency.

**Continuation of Service** — The "continuation of services" provision found in section 1304(e) of the statute provides that: (1) a child who ceases to be a migratory child during a school term shall be eligible for services until the end of such term; (2) a child who is no longer a migratory child may continue to receive services for one additional school year, but only if comparable services are not available through other programs; and (3) secondary school students who were eligible for services in secondary school may continue to be served through credit accrual programs until graduation. NOTE: Continuation of Service students should not be counted as eligible in Category 1 or Category 2; these students participate in the MEP but do not generate MEP funds.

**Dropout** — The term used for students, who (1) were enrolled in a public school for at least one day during the previous school year, (2) were not enrolled at the beginning of the current school year, (3) who have not graduated from high school or completed a State- or district-approved educational program, and (4) who do not meet any of the following exclusionary conditions: (a) transfer to another school district, private school or State- or district-approved educational program (including correctional or health facility programs), (b) temporary absence due to suspension or school-excused illness or (c) death. Students who dropped out-of-school prior to the previous school year should be classified NOT as "dropped-out-of-school" but as "out-of-school youth."

**Eligible Migrant Child** — Any child who meets the statutory definition of a migratory child found in section 1309(2) of the statute and section 200.81 of the regulations and for whom the SEA approved a Certificate of Eligibility. In brief, the term migrant child means a child who is, or whose parent or spouse is, a migratory agricultural worker, including a migratory dairy worker, or a migratory fisher, and who, in the preceding 36 months, in order to obtain, or accompany such parent or spouse, in order to obtain, temporary or seasonal employment in agricultural or fishing work (A) has moved from one school district to another; (B) in a State that is comprised of a single school district, has moved from one administrative area to another within such district; or (C) resides in a school district of more than 15,000 square miles, and migrates a distance of

## CONSOLIDATED STATE PERFORMANCE REPORT

### REPORTING REQUIREMENTS FOR THE TITLE I, PART C, MIGRANT EDUCATION PROGRAM 2011-2012

20 miles or more to a temporary residence to engage in a fishing activity. NOTE: In order to be included in the Category 1 Count, the child must have been eligible and resided within the State for at least one day within the reporting period, have an approved COE and been entered into the State's migrant database.

**Enrolled** – The term "enrolled" is used generally to refer to enrollment of a child in any local, State, or federally-funded school program.

**Extended Day/Week** – Any method of MEP-funded instructional delivery that extends the total hours of a school day or week beyond that which would otherwise be available for learning in the regular school year. This category would include before-school and after-school programs; evening programs and other programs that alter the school schedule to accommodate migrant student schedules; Saturday programs; and other programs that extend the time for learning outside of the regular school day or five-day school week. Methods that substitute one type of learning time for another within the traditional school day, such as pull-outs or in-class tutoring, are not considered extended-time instructional approaches for purposes of this report. Extended day/week projects do not include summer-term or intersession projects.

**Full-time Equivalent (FTE)** – The amount of time a person performs federal program duties and is paid by the full-time equivalent (FTE) federal program, as a percentage of a full-time work year (as defined by the State) for the regular school year, and as a percentage of a full-time summer-school or intersession program (as defined by the state) for the summer or intersession periods. For example, if the state defines a full-time work year as 180 days and a teacher works the full regular term for the federal program, that teacher would be reported as 1.00 FTE for the regular term. Another teacher who worked only 18 days during the regular term would be reported as 0.10 FTEs. If that same teacher also taught 30 days during the summer term for the federal program, and 30 days represents a complete summer session in the State, the State would report a 1.00 summer-school FTE for that teacher under the summer column. If the teacher taught for 30 days in summer school, but worked only half days, it would report 0.50 FTEs under the summer column. The State must record all FTE entries to the nearest hundredth, e.g., 1.00, 0.70, 0.50.

**General Education Development Certificate (GED)** – Certificate awarded to individuals who have earned the minimum required scores on the GED test.

**High School Credit Accrual** – MEP-funded instruction, funded in whole or in part by MEP funds, in courses that accrue credits needed for high school graduation provided by a teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher. NOTE: Children receiving a MEP-funded high school credit accrual service should be reported only once, regardless of frequency.

**Individualized Education Program (IEP)** – Under the Individuals with Disabilities Act (IDEA), each public school child who receives special education and related services must have an Individualized Education Program (IEP). The IEP must be developed by teachers, parents, school administrators, related services personnel, and students (when appropriate). The plan generally includes: (1) a description of the child, including the child's present level of functioning, (2) goals and objectives, (3) services to be provided, (4) time, place, and duration of services, (5) extent of participation with nondisabled children, (6) participation in state and district-wide tests, (7) transition services, and (8) evaluation of the child's progress.

## CONSOLIDATED STATE PERFORMANCE REPORT

### REPORTING REQUIREMENTS FOR THE TITLE I, PART C, MIGRANT EDUCATION PROGRAM 2011-2012

**Instructional Services** – MEP-funded instruction in a subject area provided for students on a regular or systematic basis, usually for a predetermined period of time. It can include instruction provided by MEP-funded teachers or MEP-funded paraprofessionals. Includes correspondence courses taken by a student. The one-time act of providing instructional packets to a child or family does not constitute an instructional service.

**Intersession** – For schools on a year-round calendar, an intersession term is the aggregate of all those periods throughout the year when the school (or part of the school) is not in session or not providing the annual instruction analogous to the traditional school-year regular term only for a cohort of students. Even though the intersession periods occur at different times throughout the year, for the purposes of this report, those periods are all considered a single term. Thus, a student who participates in intersession programs in October, February, and June would be counted as participating in one intersession term (not three).

**Last Qualifying Move** – The date a migrant child's eligibility for the MEP begins as the result of having completed a new qualifying move. This is often referred to as the qualifying arrival date (QAD).

**Limited English Proficient (LEP)** – The term limited English proficient, when used with respect to an individual, is defined in section 9101(25) of the ESEA to mean an individual: (A) who is aged 3 through 21; (B) who is enrolled or preparing to enroll in an elementary school or secondary school; (C)(i) who was not born in the United States or whose native language is a language other than English; (ii)(I) who is a Native American or Alaska Native, or a native resident of the outlying areas; and (II) who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or (iii) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant; and (D) whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual: (i) the ability to meet the State's proficient level of achievement on State assessments described in section 1111(b)(3); (ii) the ability to successfully achieve in classrooms where the language of instruction is English; or (iii) the opportunity to participate fully in society.

**Mathematics Instruction** – Instruction in mathematics provided by a MEP-funded teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher. NOTE: Children receiving a MEP-funded mathematics instruction service should be reported only once, regardless of frequency.

**MEP Funded** – Any service that is funded in whole or in part with Migrant Education Program funds.

**Migrant Child/Student** – See the definition of "Eligible Migrant Child" above.

**Mobility** – The term refers to moves of the following for the purposes on this report.

- Last qualifying move within previous 12 months – this means the child last made a qualifying move within 12 months of August 31st (the last day of the reporting period).

## CONSOLIDATED STATE PERFORMANCE REPORT

### REPORTING REQUIREMENTS FOR THE TITLE I, PART C, MIGRANT EDUCATION PROGRAM 2011-2012

- Last qualifying move within previous 13 - 24 months – this means the child last made a qualifying move within 13 - 24 months of August 31st (the last day of the reporting period).
- Last qualifying move within previous 25 - 36 months – this means the child last made a qualifying move within 25 - 36 months of August 31st (the last day of the reporting period).
- Any qualifying move within a regular school year within the previous 36 months– this means the child has made a qualifying move during the regular school year in any of the 36 months prior to August 31st (the last day of the reporting period).
- The category 37 to 48 months accounts for children who were eligible at the beginning of the reporting period but whose last qualifying move was more than 36 months from the end of the reporting period.

**Out-of-School** – Out-of-school means youth up through age 21 who are entitled to a free public education in the State but are not currently enrolled in a K-12 institution. This could include students who have dropped out of school prior to the previous school year, youth who are working on a GED outside of a K-12 institution, and youth who are “here-to-work” only. It does not include preschoolers, who are counted by age grouping, nor does it include temporary absences (e.g., suspension or illness).

**Paraprofessional** – This includes MEP-funded paraprofessionals who (1) provide one-on-one tutoring if such tutoring is scheduled at a time when a student would not otherwise receive instruction from a teacher, (2) assist with classroom management, such as organizing instructional and other materials, (3) provide instructional assistance in a computer laboratory, (4) conduct parental involvement activities, (5) provide support in a library or media center, (6) act as a translator, or (7) provide instructional support services under the direct supervision of a teacher [Title I, section 1119(g)(2)]. Because paraprofessionals provide instructional support, they should not be providing planned direct instruction, or introducing to students new skills, concepts, or academic content. Individuals who work in food services, cafeteria or playground supervision, personal care services, non-instructional computer assistance, and similar positions are not considered paraprofessionals under Title I.

**Participation** – The term “participation” refers to the receipt of some type of service funded in whole or in part with MEP funds beyond identification and recruitment, inclusion in statewide or local needs assessment, records transfer, or activity insurance. (See the definition of “Services” elsewhere in this glossary.) The assistance may include, but is not limited to, the following types of services: continuation of services, direct provision of instructional services, counseling, health services,, and other types of support services. States do NOT include children who were served under a Title I Schoolwide Program (SWP) where MEP funds where consolidated.

**Priority for Services** – This term is described in section 1304(d) of the statute as “migratory children who are failing, or most at risk of failing, to meet the State’s challenging State academic content standards and challenging State student academic achievement standards, and whose education has been interrupted during the regular school year.”

**Project** – A project is any entity that receives MEP funds either as a subgrantee or from a subgrantee and provides services directly to migrant children in accordance with the State Service Delivery Plan and State approved subgrant applications. A project’s services may be provided in one or more sites.

## CONSOLIDATED STATE PERFORMANCE REPORT

### REPORTING REQUIREMENTS FOR THE TITLE I, PART C, MIGRANT EDUCATION PROGRAM 2011-2012

**Qualified Paraprofessional** – Meets the definition of a paraprofessional, and a “qualified” paraprofessional must have a secondary school diploma or its recognized equivalent and (1) completed two years of study at an institution of higher education; (2) obtained an associate’s (or higher) degree; or (3) met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness) [section 1119(c) and (d) of ESFA].

**Qualifying Move** – A qualifying move: (1) is across school district boundaries; *and* (2) is a change from one residence to another residence; *and* (3) is made due to economic necessity; *and* (4) is made in order to obtain qualifying work; *and* (5) occurred in the preceding 36 months.

**Reading Instruction** – Instruction in reading provided by a MEP-funded teacher for students on a regular or systematic basis, usually for a predetermined period of time. Includes correspondence courses taken by a student under the supervision of a teacher. NOTE: Children receiving a MEP-funded reading instruction service should be reported only once, regardless of frequency.

**Records Transfer Staff** – Staff responsible for entering, retrieving or sending student records from or to another school or student records system.

**Recruiter** – A staff person responsible for identifying and recruiting children as eligible for the MEP and documenting their eligibility on the Certificate of Eligibility.

**Referrals** – Referred services cannot be MEP-funded, and they cannot be school or district based services that the child is already entitled to receive (e.g., Title I Part A services, Title III services). Referred services are educational or educationally-related (supportive) services that migrant children would not have received without the efforts of MEP-funded personnel. The child must actually receive the service in order for it to be counted as a referral. An eligible migrant child must be the direct recipient of the referred service. Examples of referred services that a child might receive as a result of MEP efforts include: GED or pre-GED classes, Adult basic education classes, parenting classes (for eligible youth), computer literacy classes, job training programs, early childhood classes, nutrition and health education workshops, health and dental screenings, and food and clothing assistance.

**Regular School Year** – For schools that operate on a traditional calendar, the regular school year is the period from the beginning of school in the State in the fall to the end in the spring, generally from September to June. For schools that operate on a year-round schedule without a traditional long summer break, the regular school term is the aggregate of all those periods throughout the year when the school (or part of the school) is in session providing the annual amount of instruction analogous to the traditional school-year regular term.

**Reporting Period** – The reporting period is from September 1 - August 31. For programs that operate on a traditional school-year calendar, the reporting period consists of the regular school year (normally beginning in August or September and ending in May or June) and the subsequent summer term. For programs that operate on a year-round calendar, the reporting period consists of the 12-month period beginning with the term or intersession that starts closest to September 1.

**CONSOLIDATED STATE PERFORMANCE REPORT**  
**REPORTING REQUIREMENTS FOR THE TITLE I, PART C, MIGRANT EDUCATION PROGRAM 2011-2012**

**Schoolwide Program (SWP)** – A schoolwide program is operated in a school that serves an eligible school attendance area in which not less than 40 percent of the children are from low-income families, or that has a school enrollment of which not less than 40 percent of the children are from such families, and that uses its Title I funds to upgrade the educational program of the entire school, rather than to provide services only to students identified as most at risk of failing to meet State standards [section 1114].

**Services** – “Services” are a subset of all allowable activities that the MEP can provide through its programs and projects. “Services” are those educational or educationally related activities that: (1) directly benefit a migrant child; (2) address a need of a migrant child consistent with the SEA’s comprehensive needs assessment and service delivery plan; (3) are grounded in scientifically based research or, in the case of support services, are a generally accepted practice; and (4) are designed to enable the program to meet its measurable outcomes and contribute to the achievement of the State’s performance targets. Activities related to identification and recruitment activities, parental involvement, program evaluation, professional development, or administration of the program are examples of allowable activities that are NOT considered services. Other examples of an allowable activity that would not be considered a service would be the one-time act of providing instructional packets to a child or family, and handing out leaflets to migrant families on available reading programs as part of an effort to increase the reading skills of migrant children. Although these are allowable activities, they are not services because they do not meet all of the criteria above.

**Support Services** – These MEP-funded services include, but are not limited to, health, nutrition, counseling, and social services for migrant families; necessary educational supplies, and transportation. The one-time act of providing instructional or informational packets to a child or family does not constitute a support service.

**State Director** – For the purpose of the MEP, the manager within the SEA who administers the MEP on a statewide basis.

**Summer Term** – In a school district that operates a traditional-calendar school year, the period of time after the regular school year has ended and before the next school year begins, typically from May/June through August/September. Year-round schools, for the purposes of this report, are not considered to have summer terms. Any break in the regular term of a year-round school is considered an intersession term, regardless of what season of the year in which it occurs.

**Teacher** – A classroom instructor who is licensed and meets any other teaching requirements in the State.

**Unduplicated Count** – This is a count in which a given child is only counted once on a statewide basis in a single category (i.e., within a row or with a cell in a row).

**Ungraded** – Children are reported in the ungraded columns of the table if the child is served in an educational unit that has no separate grades. For example, some schools have primary grade groupings that are not traditionally graded, or ungraded groupings for children with learning disabilities. In some cases, ungraded students may also include special education children, transitional bilingual students, students working on a GED through a K-12 institution, or those in a correctional setting. (Students working on a GED outside of a K-12 institution are counted as out-of-school youth.)

**CONSOLIDATED STATE PERFORMANCE REPORT**

**REPORTING REQUIREMENTS FOR THE TITLE I, PART C, MIGRANT EDUCATION PROGRAM 2011-2012**

**Year Round Project** – A MEP project that operates in both the regular school year and summer/intersession terms.

## Running a Snap! Report

- Click **Reports** from the menu bar
- Select **Snap! Reports**
- A box will pop up
  1. Select the report you would like to run
  2. Add filter if needed
    - a. Highlight the desired filter
    - b. Select a comparison
    - c. Enter the value
    - d. Click **Add Filter**
  3. Enter the StartDate and EndDate (if necessary)
  4. Click Run Report
- Once the report is finished running, your information will pop up in either a Report Results or Print Preview window.
- You can then print or save your file

## Snap! Reports

Snap! Report	Description
<b>0-21 Eligible Student List</b>	This report includes the most recent history line for all youth who are eligible during the time period specified and who do not have a Term Date on their most recent enrollment.
<b>0-21 Student List</b>	This report includes the most recent history line for all youth who have an enrollment during the time period specified.
<b>0-21 Student List by Facility</b>	This report includes the most recent history line for all youth who have an enrollment during the time period specified and is sorted by school facility name.
<b>0-21 Student List Duplicated</b>	This report includes each history line for all eligible migrant youth, ages 0-21, during the time period specified. Use the BIRTHDATE or GRADE filters for a specific age or grade group list.
<b>0-21 Student List with COE &amp; SP Data Duplicated</b>	This report includes each history line for all eligible migrant youth, ages 0-21, during the time period specified. COE data and Supplemental Programs Data are included. SP Data pulls into separate history lines.
<b>3-5 Not in PK</b>	This report includes the most recent history line for all youth who have 3-5 NOT IN PK selected as a need during the time period specified.
<b>3-21 Child Count</b>	This report includes the most recent history line for all eligible migrant youth during the time period specified. Use the TYPE filter to run a Regular (R) or Summer (S) only list.
<b>Accepted COEs</b>	This report includes all of the COEs that have been accepted between the data range selected.
<b>At Risk</b>	This report includes the most recent history line for all youth, ages 3-21, who have at least one At Risk need (A1-A10) selected during the time period specified. PFS are not included in this report.
<b>At Risk Duplicated</b>	This report includes each history line for all youth, ages 3-21, who have at least one At Risk need (A1-A10) selected during the time period specified. PFS are not included in this report.
<b>COE Family Information</b>	This report includes COE family and contact information for all COEs with a qualifying QAD between the time period specified.
<b>COE Status Report</b>	This report includes all of the COEs entered into MIS 2000 during the time period specified. Reports are separated by recruiter and then by current COE Status.
<b>Current Family Information</b>	This report includes the most recent family and contact information for youth enrolled between the time period specified.
<b>Drop Out List</b>	This report includes the most recent history line for all youth who have the Drop Out box checked in the School History section during the time period specified.
<b>End of Eligibility</b>	This report includes the most recent history line for all youth who have an expired QAD, turned 22 years of age, or have graduated or obtained a GED during the time period specified.
<b>Graduated</b>	This report includes the most recent history line for all youth who have the Term Type G (Graduated) selected in the School History section during the time period specified.

<b>LEP</b>	This report includes the most recent history line for all youth who have LEP selected as a need during the time period specified.
<b>Not Served</b>	This report includes the most recent history line for those that do not have a Supplemental Code attached to a history line during the time period specified.
<b>Out of School Youth</b>	This report includes the most recent history line for all youth who are checked OSY in the School History section during the time period specified.
<b>Priority For Service</b>	This report includes the most recent history line for all youth, ages 3-21, who have an A need and a B need selected during the time period specified.
<b>Priority For Service Duplicated</b>	This report includes each history line for all youth, ages 3-21, who have an A need and a B need selected during the time period specified.
<b>Rejected COEs</b>	This report includes all of the COEs that are currently rejected. This report does not use a date range.
<b>Served</b>	This report includes the most recent history line for all youth, ages 0-21, who was coded with any type of service in the Supplemental Section during the time period specified.
<b>Served – Summer Program</b>	This report includes the most recent history line for all youth coded with a Migrant Summer Program code in the supplemental section during the time period specified.
<b>Served with SP Data Duplicated</b>	This report includes all history lines for all youth who were coded with any type of service during the time period specified. <i>NOTE: This report creates separate line for each Supplemental code given to every child on this list.</i>
<b>Student Summary Report</b>	This report includes a list of youth, ages 0-21 who are eligible during the time period selected. This report includes flags for PFS, PFS Served, At-Risk, At-Risk Served, OSY, and Supplemental Codes. Each child is given an Age/Grade group category.

## **Regular Term and Summer/Intersession Term (Starting 12/13 year)**

**Regular Term (R)** = September 1<sup>st</sup> through May 31<sup>st</sup>

**Summer Term (S)** = June 1<sup>st</sup> through August 31<sup>st</sup>

**Intersession Term (I)** = September 1<sup>st</sup> through May 31<sup>st</sup> (For schools on a year-round calendar)

Use the guide below to help code each type of child in your project:

- **Resident Only Regular Term**

- Type = R
- Grade = RE
- Enroll Date = On or after 9/1 through 5/31
- Withdraw Date = On or after 9/1 through 5/31

- **Resident Only Summer Term**

- Type = S
- Grade = RE
- Enroll Date = On or after 6/1 through 8/31 OR the day after student withdraws from the regular school year.
- Withdraw Date = On or after 6/1 through 8/31 OR the day before student enrolls in the regular school year.

- **Resident Only Intersession Term**

- Type = I
- Grade = RE
- Enroll Date = The first day of the first break of the school year
- Withdraw Date = The last day of the last break of the school year

- **Enrolled in an Academic Program – Regular Term**

- Type = R
- Grade = Current Grade
- Enroll Date = First day student attends academic program
- Withdraw Date = Last day student attends academic program

- **Enrolled in an Academic Program – Summer Term**

- Type = S
- Grade = Current Grade
- Enroll Date = The day after the student withdraws from the regular term
- Withdraw Date = The day before the student enrolls in the next regular term.

- **Enrolled in an Academic Program – Intersession Term**

- Type = I
- Grade = Current Grade
- Enroll Date = The first day of the first break of the school year
- Withdraw date = The last day of the last break of the school year

-- A student who is in your project during the summer or intersession term but IS NOT participating in an academic program will be considered a Resident Only (RE) during that term.

## Examples

**Example 1:** A student was enrolled in 3<sup>rd</sup> grade during the Regular Term but did not participate in an academic program in the summer. The next school year, he enrolled as a 4<sup>th</sup> grader. His school history lines would look like this:

School Year	Enroll Date	Withdraw Date	Type	Grade
13/14	8/17/13 (first day attended school)	5/20/14 (last day attended school)	R	4
12/13	5/21/13 (day after school ended)	8/16/13 (day before school starts)	S	RE
12/13	8/17/12 (first day attended school)	5/20/13 (last day attended school)	R	3

*(This table reads with the most recent enrollment at the top as do the School History lines on MIS2000)*

**Example 2:** A student was enrolled in 3<sup>rd</sup> grade during the Regular Term and did participate in an academic program in the summer which occurring three weeks in July. The next school year, he enrolled as a 4<sup>th</sup> grader. His school history lines would look like this:

School Year	Enroll Date	Withdraw Date	Type	Grade
13/14	8/17/13 (first day attended school)	5/20/14 (last day attended school)	R	4
12/13	5/21/13 (day after school ended)	8/16/13 (day before school starts)	S	4
12/13	8/17/12 (first day attended school)	5/20/13 (last day attended school)	R	3

*(This table reads with the most recent enrollment at the top as do the School History lines on MIS2000)*

--Notice that the dates stayed the same. Even if the summer academic program only occurs a few weeks during the Summer Term, the student is given a grade during the entire Summer Term. If the student attends a Migrant funded Summer Program, the actual dates of the program can be specified in the Supplemental section if the project chooses to do so.

**Example 3:** A Resident Only is residing in a project area and does not participate in an academic program. He arrives on 8/20/12. His school history lines would look like this:

School Year	Enroll Date	Withdraw Date	Type	Grade
12/13	6/1/13 (First day of Summer Term)	8/31/13 (Last day of Summer Term)	S	RE
12/13	9/1/12 (First day of Regular Term)	5/31/13 (Last day of Regular Term)	R	RE
11/12	8/20/12 (Residency Date)	8/31/12 (last day of Summer Term)	S	RE

*(This table reads with the most recent enrollment at the top as do the School History lines on MIS2000)*

**Example 4:** A Student is enrolled in 11<sup>th</sup> grade. He drops out of school on 11/14/12. He is still residing in the project. His school history lines would look like this:

School Year	Enroll Date	Withdraw Date	Type	Grade
12/13	6/1/13 (First day of Summer Term)	8/31/13 (Last day of Summer Term)	S	RE
12/13	11/15/12 (First day after drop out)	5/31/13 (Last day of Regular Term)	R	RE
12/13	8/17/12 (First day attended school)	11/14/12 (Last day attended school)	R	11

*(This table reads with the most recent enrollment at the top as do the School History lines on MIS2000)*

--REMINDER: Be sure to highlight the school history line 8/17/12 – 11/14/12 and check the Drop Out check box located in the School History section.

**Example 5:** A student is enrolled in a school on a year-round calendar. He is in 4<sup>th</sup> grade. School starts 7/10/12 and ends 5/23/13. He does not participate in an academic program during intersession or summer break.

These breaks occur:

9/10/12 – 9/21/12

12/17/12 – 12/21/12

2/25/13 – 3/1/13

5/24/13 – 7/09/13.

His school history line would look like this:

School Year	Enroll Date	Withdraw Date	Type	Grade
12/13	9/10/12 (First day of first break)	7/9/13 (Last day of last break)	I	RE
12/13	7/10/12 (First day of Regular Term)	5/23/13 (Last day of Regular Term)	R	4

*(This table reads with the most recent enrollment at the top as do the School History lines on MIS2000)*

**Example 6:** A student is enrolled in a school on a year-round calendar. He is in 4<sup>th</sup> grade. School starts 7/10/12 and ends 5/23/13. He attends an academic program from 2/25/13 – 3/1/13 AND 6/3/13 – 6-25-13

Intersession occurs:

9/10/12 – 9/21/12

12/17/12 – 12/21/12

2/25/13 – 3/1/13

5/24/13 – 7/09/13.

His school history line would look like this:

School Year	Enroll Date	Withdraw Date	Type	Grade
12/13	9/10/12 (First day of first break)	7/9/13 (Last day of last break)	I	4
12/13	7/10/12 (First day of Regular Term)	5/23/13 (Last day of Regular Term)	R	4

*(This table reads with the most recent enrollment at the top as do the School History lines on MIS2000)*

-Notice that these students only have one history line to represent each intersession/summer break regardless of how many times the student attended an academic program during these break periods.

## **2014 Annual Hispanic/Latino Summit**

**Looking Forward: Yes YOU Can!**

**Cornhusker Marriott Hotel - Lincoln, NE**

### **Keynote Speaker**

**April Lee  
Hernandez -  
Castillo**

**Nominee for a  
Screen Actor's  
Guild Award as  
member of the  
cast of the  
hit Showtime  
series Dexter.**

April Lee Hernandez-Castillo grew up near the Grand Concourse in The Bronx, New York City, NY. She is a self-described "strong Latina" and "Nuyorican," or a New York Puerto Rican. She studied nutrition at Hunter College. While attending college she was inspired to pursue a career in comedy. Aside from performing stand-up comedy she has also appeared on the television series ER, Law & Order, 30 Rock, Dexter, and Person of Interest.

Hernandez is best known for her role in the 2007 drama Freedom Writers, in which she played Eva, based on real-life high school student Maria Reyes. Hernandez has said that she was "determined" to be cast in Freedom Writers. Hernandez received critical acclaim for her performance and it marked her as one of the up and coming actresses.

While promoting the film Freedom Writers she discovered she had a gift of connecting with audiences. This began her passion to mentor youth.

Hernandez believes that words are powerful and that is it time for you to discover your inner voice and make your dreams come true no matter what obstacles you may face. She will guide you as you create your own vision plan.

Join us to learn about Hernandez's road to success at the 2014 Summit! The Summit will also feature Nebraska Student achievements as well as resources available to support student success.

**Register early as space is limited to 600 students and faculty**

**Registration fee of \$10.00 per person. Registration will open on August 15, 2014.**

**Sponsored by:  
Nebraska Department of Education  
and  
Nebraska Latino American Commission**
